GAUCHOS GIRLS WATER POLO CAMP

Finally, a Water Polo camp focusing on female athletes!

June 22 - June 25, 2020

In-Water Experience

We believe that some of the best ways to teach the sport is by getting in the water with the athletes as well as coaching on deck so athletes of all learning styles receive the most knowledge of the sport we can provide.

One of a Kind

The Girls Water Polo Camp is coached by experienced athletes and coaches to ensure the best instruction for female athletes our sport. We are experienced at the highest level and know what it takes to be the best. We want to create an environment that shows girls how to train for each position, how to fuel your body, and how to set goals for our sport turning them into reality.

Learn From The Best

Our coaching staff and counselors consist of the current UCSB women's water polo coaching staff, Olympic medalists, and standout collegiate student athletes.

Champions Aren't Born, They're Made

The athletes will have face time and hands on learning with coaches and counselors as well as guest specialists on topics such as nutrition for high performance and other tools to empower female athletes in and out of the water.

What to expect

You can expect your athlete to endure seven to nine intensive training sessions building on both technical fundamentals of Water Polo as well as tactical instruction. We truly believe in taching every player to learn every position to ensure success in this sport.
